Re: Client Testimonial

"I would like to take this opportunity to acknowledge the outstanding service that we have received by partnering with Crothall for our EVS management. We were the first HCA hospital in Florida to use Crothall and since their arrival our Gallup cleanliness scores have always exceeded the HCA mean scores by a significant margin. With thirty years in healthcare and many JCAHO surveys, our past survey was the first time in my career where the hospital did not have to go through a cleaning blitz prior to a survey. Crothall delivers a consistent, clean hospital everyday."
